

Precision Pinch Gauges and Hand Dynamometers

Sales, Repair and Calibration Services

B&L Engineering manufactures precision instruments for accurately measuring pinch and grip strength. Used by physicians and therapists in clinics and rehabilitation centers worldwide, B&L Engineering® Pinch Gauges and Hand Dynamometers come with an industry-best Two-Year Warranty and are competitively priced. In addition, B&L Engineering is the only manufacturer that also repairs and calibrates other brands of pinch gauges and hand dynamometers.

Save \$50.00 Trade-In any pinch gauge -- working or not... only \$179.00
